By submitting this form, you are stating that all of the above information is accurate and true.

Thank you for your time and patience as we get to know you and your family better before we make a decision on the best possible placement for one of our puppies. By signing this document you agree all information provided is true and if we feel this is not a good arrangement for all parties (human and puppy), we have the first right of refusal or will recommend you for another litter (or another breeder). Please note that submitting this application does not bind either party from any obligation – it simply allows us to get to know you better to potentially match you with a puppy.

Our dogs and puppies are not “first come, first serve”, and are in the best interest for the animal. Our puppy picking process is not done by an order, so there is no “first pick” or “last pick” on a list. We do our absolute best to take into consideration your preference as to gender, coat color, etc. when making a decision as to the right puppy, but we will not place a puppy that does not match the goals and lifestyle! When you are approved for a particular breeding, you are on the list. We do ask for deposits. We place puppies on a case by case basis based on your application, lifestyle, and goals.

All of our puppies are sold with ABCA limited registration (not for breeding) – if you are interested in co-owning or are looking for a breeding prospect, please let me know and we can discuss further. We also stay in contact with all of our families, and ask that you keep us updated on your dogs progress throughout its lifetime. We expect regular updates. We are very proud of all of our puppy owners, whether they are in performance homes or beloved

companion homes. Once this application is approved, we may ask to conduct a phone interview (if you are not local) or a meet n' greet (if you are local).
